PRIVATE SECURITY INDUSTRY PLAYS IMPORTANT ROLE IN COUNTRY'S ECONOMY: PM

Tun Mahathir urges private security industry to hire more locals for their security needs.

KUALA LUMPUR – Prime Minister Tun Dr Mahathir Mohamad today stressed that the private security services industry played an important role in contributing to the country's economy, both directly and indirectly.

He said the industry was capable of bringing in sophisticated security technology to country, and at the same time, potentially produce security innovations that could be marketed locally and abroad.

"This is where the challenge lies for security services industry operators, which is to balance their responsibilities as entrepreneurs and at the same time, deliver creative and innovative security products"he said at the 2019 Malaysian Security Services Industry Excellence Awards event.

" We at FWG inherit a strong presence into systematic intuitive security solutions that coexist together with our reliable physical guarding to manifest a strong secured ecosystem for our respective clients ."

*Mr. Krishnan Sukumaran
Executive Director
FWG Global*

Many irresponsible security companies are employing and getting engaged with illegal foreign workers to cut corners and serve their security headcount needs. This inevitably decreases the quality of service in the security industry. These illegal , untrained security guards cause various disciplinary problems that unease the client's perception on security vendors.

We, FWG , strictly hire legal and well trained guard from Nepal and exquisite talented local personnel to fit into our security radius.

*Reliability, performance,
scalability, security – all
out-of-the box with FWG
Security Solutions*

RESPONSIVE ESCORT SECURITY SERVICES

FWG has spread it's wing into Escort Security Services and with this service in line, we have partnered with DHL to escort all the high value cargo till it reaches its respective destination. We ensure that all our armed personnels are certified and trained to perform this task smoothly without any critical interference.

High value cargo are escorted by our security vehicles which are equipped with FWG's GPS Tracking System integrated with Panic Button for responsive actions, accompanied by trained and armed personnel, gives our client ,DHL an end to end high value security depth.
