A DISCUSSION WITH OUR CLIENTS OVER A NEWSLETTER

## ARTIFICIAL INTELLIGENCE AND VIDEO ANALYTICS FOR SMART CAMERAS

Video analytics use scientific algorithms to automatically detect people, vehicles or other objects viewed via your CCTV video images.

Video analytics has now come into standard utilize. At first, it was held for high-security details as it were. In any case, today, its utilization isn't just restricted to social occasion security-related, misfortune avoidance data yet it additionally gives important information that can be effortlessly passed to end-client clients.

FWG integrates CCTV solutions with our proprietary intelligent video analytics to perform various services such as people counting , perimeter man guarding , intrusion detection and thermal detection to reduce security blind spot.

" Our sophisticated technology can also detect advanced events such as object left or removed, moving across a line, direction of travel and loitering."

---

*Mr. Krishnan Sukumaran  
Executive Director  
FWG Global*

Deploying video analytics provides the user with an audit able source of complete data, along with increasing accuracy and consistency in solving surveillance challenges

The costs brought about on contracting a security faculty is wiped out in the event that you are making utilization of video investigation. Furthermore, we , FWG leases the video analytics solution , hardware and software, to cut cost and increase the ROI for our respective clients.

*Video analytics are offering enterprise security executives new ways to apply surveillance technology , making it a new and invaluable asset for business intelligence.*

## FOREIGN WORKERS: NEPAL OPENS THE DOOR,

The government of Nepal has remove its bar to bring it's people to Malaysia to service the security guard needs with immediate effect.

It is learnt that there are currently more than 500,000 Nepalese workers in Malaysia. About 150,000 of them are hired as security guards, while the rest are involved in construction and manufacturing.

With more Nepalese guards stepping into Malaysia now, our security need will be fulfilled accordingly. We at FWG, will train our new Nepalese recruits to become an ethical and efficient security guard for our respective clients.
