A WORD FROM THE EXECUTIVE DIRECTOR

In Freightwatch G Patomotoh Security Services , FWG , we believe in leading the way in every single step we take. Committed to excellence, we have dedicated ourselves to setting the highest standards in the security industry and adding value not only to individuals but to society as a whole. Each member of the Board brings 15 to 25 years of official security experience to the table as well as business acumen from a number of prestigious locally owned groups of companies. The blend of experience, integrity and quality has made FWG the competitive security service provider and offers a range of security and risk services to our prestigious clients. On behalf of the FWG Board of Directors, we offer our thanks to our partners and clients and wish you continued success in your business ventures

KRISHNAN SUKUMARAN
EXECUTIVE DIRECTOR

A STEP ABOVE OTHER SECURITY PROVIDERS

Like all successful organizations, FWG, came to life with a simple vision. We have established strong relationships with many high profile organisations through exceptional customer service, high quality of personnel and a sound understanding of unique client requirements.

OBJECTIVE

To provide specially designed security consulting services to the modern client.

MISSION

To reduce customer complaints by two (2) or less in a month

Differentiating our products, services and performance from competitors with our commitment to excellence

" Every Business is different and needs a tailored security service to fit their needs "

- MR. KRISHNAN SUKUMARAN

Executive Director, FWG Security Services

VISION

To provide effective, consistent and quality service to our clients through technology, commitment and service excellence aimed to achieve customer satisfaction

WE PROVIDE END TO END SECURITY SOLUTIONS

" We are committed to remain first in providing value added quality services to our customers "

FWG GLOBAL

Winner of International Quality Crown Award
2016 - London , United Kingdom

GUARDING & OPERATIONS

We provide high-quality manned security guards with a focus on professionalism. Well-trained, and experienced security guards are an indispensable asset for all premises.

VISITOR MANAGEMENT SYSTEM

FWG's Intuitive Visitor Management System (VMS) is an efficient solution to manage and structure visitor's access and movement in a secured premise.

ALARMS & ACCESS CONTROL

Real-time integration of Access Control System (door access, turnstiles, lift access and CCTV) allows dynamic access to right assignment by integrating card issuance and biometric.

SURVEILLANCE SOLUTIONS

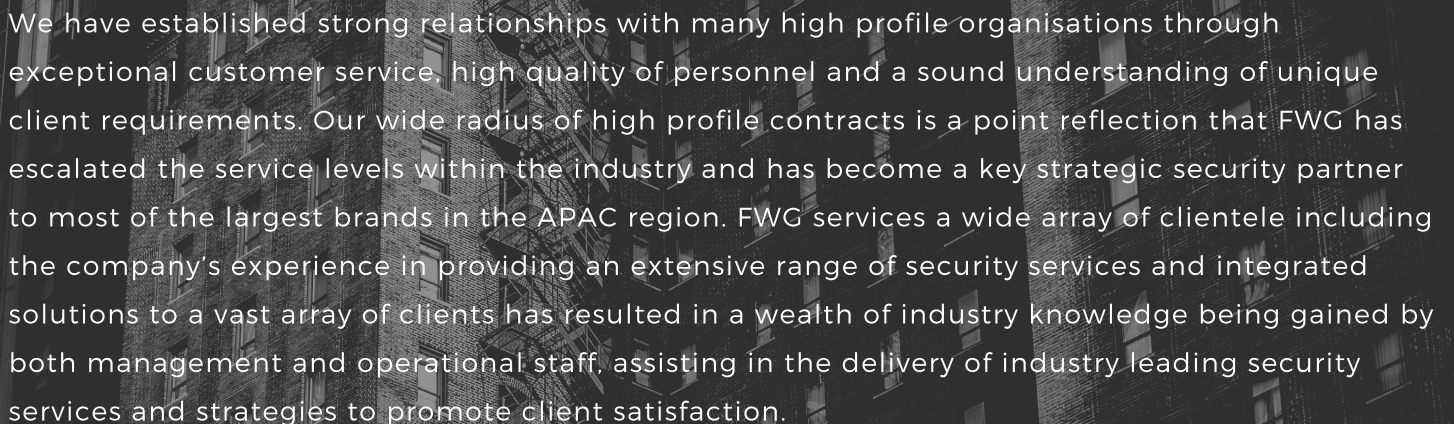

With our expertise in the design, structure and detailed installation , we provide up to large-scale enterprise video security solutions for our clients.

CANINE UNIT

Our canine unit will have a different set of skills to an explosive protection dog or drugs detection dogs.

SAFETY & RISK MANAGEMENT

We provide safety risk management services to our clients which covers human risk factors , incident investigation, major hazard testing and many more sections.

We have established strong relationships with many high profile organisations through exceptional customer service, high quality of personnel and a sound understanding of unique client requirements. Our wide radius of high profile contracts is a point reflection that FWG has escalated the service levels within the industry and has become a key strategic security partner to most of the largest brands in the APAC region. FWG services a wide array of clientele including the company's experience in providing an extensive range of security services and integrated solutions to a vast array of clients has resulted in a wealth of industry knowledge being gained by both management and operational staff, assisting in the delivery of industry leading security services and strategies to promote client satisfaction.
